

Software engineers

int x;

5231
64 bit value

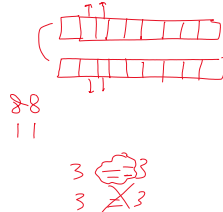

bitwise operator

bit by bit

→ 01010

→ 10011

AND &	00010
OR	11011
XOR ^	11001

X10 OP message

<out<<" "<end;

"

I don't want to Repeat 1000 times
 I want the computer to Repeat
 1000;

stop watch = loop

① start	00:00	30:00	✓
② stoped	30:00	00:00	✓
③ update	++	--	
	increasing	decreasing
